

PATTERSON LIBRARY

SUGGESTION BOX POLICY

Patterson Library welcomes comments from all of our patrons, program participants, and community members. We appreciate your comments that may assist us in providing more valuable library services, materials, and programs.

The library's suggestion box will be emptied and read once a week by the Library Director. Your suggestion may involve an issue or policy that requires review and discussion, so please allow 2-4 weeks, should you require a response.

Should your suggestion involve a book (or other title) purchase, please note the following. While all suggested items are considered, not all requests can be fulfilled. Thank you for understanding that due to budget and other considerations, the library is unable to purchase every title that is recommended
