Director’s Box

I will be retiring in November 2018 and after 27 years as Director of the Patterson Library, I wonder how did all this happen? How did I help to make a difference in our town? What did it take to move this local library forward, to find a successful path? As I look back, I realize now that it took a lot of things:

**Drive:** I had to summon up the energy, effort, and determination to bring better library services to our residents because I always believed that each person deserved the best there could be.

**Tenacity:** I had to bring my persistence, resolve, and stubbornness to get things done; if something was worth doing, it was worth the fight to do it very well.

**Fortitude:** I had to call on my strength, courage, and endurance to rise above each failure; and work hard to discover a way to succeed at each turn.

**Leadership:** I had to develop my ability to guide, direct, and manage the business, while growing it at the same time, by learning from the experts.

**Inspiration:** I had to encourage, stimulate, and motivate the people around me to follow me in my innovative dream for the library – to make it fun!

**Trust:** I had confidence and faith in the people I hired; I set the bar high then gave them freedom to develop and advance their innate skills and talents.

**Kindness:** I gathered people with compassion, sympathy, and thoughtfulness to come along with me on this journey because together we would work hard to make many positive changes happen.

**Gratefulness:** I have great appreciation, gratitude, and thankfulness for everything I learned along the way; for those who taught me so much, for those we served, for the joy of growing an organization, and for the honor of giving back to my town.

I am pleased that I was able to share my passions with you and to work hard for you. I feel blessed, content, and fulfilled. I am sure that the next Patterson Library Director will bring their unique passions and dreams to share as the library moves forward.

Thank you,
Patti Haar, Library Director

In 2015, a Patterson home valued at $300,000 paid approximately $11,000 in taxes. 1.74% of that went to the library, about $191.27.

Our budget vote passed in 2016 by more than 1000 votes, increasing that amount to approximately $220 per household per year. For every $1 you invest in the library, your return on investment is $8 in services! Just come in and check out all we have to offer and see why we are such a great deal!
